In this fifth installment in the Clockwork Century steampunk adventure series, Rector "Wreck 'em" Sherman, a drug dealer haunted by the ghost of a kid he used to know, sneaks over the wall into the wasteland of Seattle where he makes a shocking discovery that changes everything. Original.

The air pirate Andan Cly is going straight. Well, straighter. Although he's happy to run alcohol guns wherever the money's good, he doesn't think the world needs more sap, or its increasingly ugly side-effects. But becoming legit is easier said than done, and Cly's first legal gig—a supply run for the Seattle Underground—will be paid for by sap money. New Orleans is not Cly's first pick for a shopping run. He loved the Big Easy once, back when he also loved a beautiful mixed-race prostitute named Josephine Early—but that was a decade ago, and he hasn't looked back since. Jo's still thinking about him, though, or so he learns when he gets a telegram about a peculiar piloting job. It's a chance to complete two lucrative jobs at once, one he can't refuse. He sends his old paramour a note and heads for New Orleans, with no idea of what he's in for—or what she wants him to fly. But he won't be flying. Not exactly. Hidden at the bottom of Lake Pontchartrain lurks an astonishing war machine, an immense submersible called the Ganymede. This prototype could end the war, if only anyone had the faintest idea of how to operate it.... If only they could sneak it past the Southern forces at the mouth of the Mississippi River... If only it hadn't killed most of the men who'd ever set foot inside it. But it's those "if onlys" that will decide whether Cly and his crew will end up in the history books, or at the bottom of the ocean. When the forces conspiring to keep the Civil War going come for him and his invention, a calculating engine called Fiddlehead, ex-slave Gideon Bardsley turns to his patron, former president Abraham Lincoln, for protection until he can end his data-processing research. Original.

Nurse Mercy Lynch is elbows deep in bloody laundry at a war hospital in Richmond, Virginia, when Clara Barton comes bearing bad news: Mercy's husband has died in a POW camp. On top of that, a telegram from the west coast declares that her estranged father is gravely

injured, and he wishes to see her. Mercy sets out toward the Mississippi River. Once there, she'll catch a train over the Rockies and—if the telegram can be believed—be greeted in Washington Territory by the sheriff, who will take her to see her father in Seattle. Reaching the Mississippi is a harrowing adventure by dirigible and rail through war-torn border states. When Mercy finally arrives in St. Louis, the only Tacoma-bound train is pulled by a terrifying Union-operated steam engine called the Dreadnought. Reluctantly, Mercy buys a ticket and climbs aboard. What ought to be a quiet trip turns deadly when the train is beset by bushwhackers, then vigorously attacked by a band of Rebel soldiers. The train is moving away from battle lines into the vast, unincorporated west, so Mercy can't imagine why they're so interested. Perhaps the mysterious cargo secreted in the second and last train cars has something to do with it? Mercy is just a frustrated nurse who wants to see her father before he dies. But she'll have to survive both Union intrigue and Confederate opposition if she wants to make it off the Dreadnought alive. A follow-up to Bloodshot finds vampire super-thief Raylene Pendle taking a job to retrieve a valuable magical artifact that is also being sought by a witch who would use it to decimate the world, a situation that is complicated by a threat against the life of her only friend. Original.

Although she was orphaned at birth, Eden Moore is never alone. Three dead women watch from the shadows, bound to protect her from harm. But in the woods a gunman waits, convinced that Eden is destined to follow her wicked great-grandfather--an African magician with the power to curse the living and raise the dead. Now Eden must decipher the secret of the ghostly trio before a new enemy more dangerous than the fanatical assassin destroys what is left of her family. She will sift through lies in a Georgian ante-bellum mansion and climb through the haunted ruins of a 19th century hospital, desperately seeking the truth that will save her beloved aunt from the curse that threatens her life.
