Elle Strauss is the best selling author of otherworldly YA fiction. A married mother of four, Elle divides her time between BC, Canada and Dresden, Germany. She enjoys drinking coffee and eating chocolate in both places. She also writes upper YA/adult mixed genre romance as LEE Strauss.

The last year has been smooth sailing for Casey Donovan. She and her boyfriend Nate are doing better than ever, and things at home are good, too. Everything's been so calm, she hasn't "tripped" back to the nineteenth century in ages. Then the unthinkable happens and she accidentally takes her rebellious brother Tim back in time. It's 1862 with the Civil War brewing, and for Tim this spells adventure and excitement. Finding himself stuck in the past, he enlists in the Union army, but it doesn't take long before he discovers real life war is no fun and games. Casey and Nate race against the clock to find Tim, but the strain wears on their relationship. It doesn't help that the intriguing new boy next door has his sights on Casey, and isn't shy to let her know it. Can Nate and Casey find Tim in time to save him? And is it too late to save their love?

Casey Donovan has issues: hair, height and uncontrollable trips to the 19th century! And now this --she's accidentally taken Nate Mackenzie, the cutest boy in the school, back in time. Awkward. Protocol pressures her to tell their 1860 hosts that he is her brother and when Casey finds she has a handsome, wealthy (and unwanted) suitor, something changes in Nate. Are those romantic sparks or is it just "brotherly" protectiveness? When they return to the present, things go back to the way they were before: Casey parked on the bottom of the rung of the social ladder and Nate perched high on the very the top. Except this time her heart is broken. Plus, her best friend is mad, her parents are split up, and her younger brother gets escorted home by the police. The only thing that could make life worse is if, by some strange twist of fate, she took Nate back to the past again. Which of course, she does. "Casey and Nate are back! High school senior Casey Donovan is in trouble. Again. If only she had trusted in Nate's loyalty when he traveled to Spain with his college basketball team - despite being accompanied by the cheerleading squad and Fiona the Floozy who'd made it super clear she wanted Nate for herself. Then she wouldn't have made that impulsive trip to Hollywood and let Austin do that stupid thing that threatened her relationship with Nate, and triggered a trip into the past. Only something is wildly wrong. She's not in the 1860s like she should be. It's 1929. And she didn't come alone."--page [4] of cover

Praise for Love, Tink: "Love the spunk and gumption that is Tinkerbell!" "The storyline flows beautifully..." "Totally adorable!" Tink is hopelessly smitten with Peter, the leader of the lost boys who'd mysteriously arrived at Neverland two years ago. Unfortunately, Peter is tired of the adventure and especially tired of dodging Captain Hook who is after his head. He just wants to go back to New York City and live his life as a normal fifteen-year-old. Tink is the only one who can help Peter return, but it breaks her heart to do it. She just wants to make him happy, so she does the unthinkable and betrays the fairy king. Now her heart is filled with remorse. Should she go after Peter? Should she follow him to his New York? Originally published as six separate novella episodes, Love, Tink the Complete Series is all six stories together in one volume. What readers are saying: "Ah, cutest, little story ever!!... If you're looking for a light-hearted, sweet, enthralling tale, look no further!:-)" "I love all stories of Peter and Tink and these are such a fun NEW look on such a timeless story!" "This is a must read a truly amazing book it's very intriguing and interesting and I would highly recommend it!"

Hollywood Hottie! Adeline doesn't feel she belongs in her own time, but can bad boys from the past be trusted? Adeline Savoy had hoped that the move west from Cambridge to Hollywood with her single dad would mean they'd finally bond like a real family, but all she got was a father too busy with his new female friends and his passion for acting to really see her. Instead she finds herself getting attached to Faye, the divorcee hair dresser she befriends when she travels back in time to 1955. Plus Faye has a hottie, James Dean-esque, bad-boy brother who has Adeline's heart all aflutter. But bad boys from the past can be dangerous. Is it possible that Adeline really does belong in her own time and that maybe the right boy lives as close as next door?
