*Theory And Practice Of Counseling And
Psychotherapy ...*

In this book, we contend that the
psychologist who engages in counseling can be
both practitioner and scientist—that he can
contribute to knowledge while helping
clients. Admittedly, few counselors are
theorists in the strict sense of the term,
but inevitably every counselor will bring to
his work with clients certain assumptions. He
will have some underlying rationale (vague
and implicit ...

4 The question of whether ethical theory or
empirical evidence is more applicable in
clinical counseling has been a contentious
issue throughout the lifespan of the
profession. This is mainly because theories
have the likelihood of producing different
outcomes. However, according to the article by
Harold, therapists can use different
