Presents the life of the Alabama teenager who played an integral role in the Montgomery bus strike, once by refusing to give up a bus seat, and again, by becoming a plaintiff in the landmark civil rights case against the bus company.

In the early 1950s, Rosa Parks--who was born in Tuskegee, Alabama, and worked as a seamstress most of her life--became active in the American Civil Rights Movement and worked as a secretary for the Montgomery branch of the NAACP. She also attended the Highlander Folk School, an education center for workers' rights and racial equality. On December 1, 1955, in Montgomery, Parks refused to obey a public bus driver's orders to give up her seat in the "colored" section of the bus to a white man. She was arrested, tried, and convicted for disorderly conduct. Partially in response to her arrest, Martin Luther King, Jr., then a relatively unknown Baptist minister, led the yearlong Montgomery bus boycott, which forced the public transportation authority to end the practice of racial segregation on public buses. This event helped spark many other protests against segregation. Meanwhile, in

1956, Parks's case ultimately resulted in the U.S. Supreme Court's ruling that segregated bus service was unconstitutional. This year marks the 50th anniversary of Rosa Parks' brave act of civil disobedience. The Montgomery Advertiser presents a tribute to Ms. Parks and the impact her stand against inequality had on civil rights, illustrated with rich stories and stunning photos from the archives of the Advertiser. The newspaper began publication in 1829 and was called the Planter's Gazette. It became the Montgomery Advertiser in 1833. By the turn of the century, the Advertiser was a major voice in Alabama. In 1903, R.F. Hudson, a young Alabama newspaperman, joined the staff of the Advertiser. He helped to lead the paper toward financial success, and by 1924 he owned 10% of the stock. In 1935, he bought it outright and five years later he bought The Alabama Journal, a competitor. In 1963, the newspapers were purchased by Carmage Walls as the largest property in his growing list of Southern newspapers. Following the sale of papers to Multimedia, in 1968, this diversified communications company continued to upgrade the quality of the newspaper by adding skilled personnel and modern publishing equipment. In December 1995 Gannett Corporation merged with Multimedia. Together, the Advertiser and Journal have garnered more Pulitzer Prizes than have all other newspapers in Alabama combined.

Traces the events in the Montgomery, Alabama, bus boycott which began in December, 1955, and changed the course of the civil rights movement.

The civil rights movement was arguably the most important reform in American history. This book recounts the extraordinary and often bloody story of how tens of thousands of ordinary African-Americans overcame long odds to dethrone segregation, to exercise the right to vote and to improve their economic standing. Organized in a clear chronological fashion, the book shows how concerted pressure in a variety of forms ultimately carried the day in realizing a more just society for African-Americans. It will provide students of American history with an invaluable, comprehensive introduction to the Civil Rights Movement.

Now adapted for readers ages 12 and up, the award-winning biography that examines Parks's life and 60 years of radical activism and brings the civil rights movement in the North and South to life Rosa Parks is one of the most well-known Americans today, but much of what is known and taught about her is incomplete, distorted, and just plain wrong. Adapted for young people from the NAACP Image Award—winning *The Rebellious Life of Mrs. Rosa Parks*, Jeanne Theoharis and Brandy Colbert shatter the myths that Parks was meek, accidental, tired, or middle class. They reveal a lifelong freedom fighter whose activism began two decades before her historic stand that sparked the Montgomery bus boycott and continued for 40 years after. Readers will understand what it was like to be Parks, from standing up to white supremacist bullies as a young person to meeting her husband, Raymond, who showed her the possibility of collective activism, to her years of frustrated struggle before the boycott, to the decade of suffering that followed for her family after her bus arrest. The book follows Parks to Detroit, after her family was forced to leave Montgomery, Alabama, where she spent the second half of her life and reveals her activism alongside a growing Black Power movement and beyond. Because Rosa Parks was active for 60 years, in the North as well as the South, her story provides a broader and more accurate view of the Black freedom struggle across the twentieth century. Theoharis and Colbert show young

people how the national fable of Parks and the civil rights movement—celebrated in schools during Black History Month—has warped what we know about Parks and stripped away the power and substance of the movement. The Rebellious Life of Mrs. Rosa Parks illustrates how the movement radically sought to expose and eradicate racism in jobs, housing, schools, and public services, as well as police brutality and the over-incarceration of Black people—and how Rosa Parks was a key player throughout. Rosa Parks placed her greatest hope in young people—in their vision, resolve, and boldness to take the struggle forward. As a young adult, she discovered Black history, and it sustained her across her life. The Rebellious Life of Mrs. Rosa Parks will help do that for a new generation.
