Harmonium (1923), Wallace Stevens' first poetry collection and one of the landmark volumes in modern American literature, is now available online. Click here to access the book's contents in full. For the original edition, click here. The contents are listed below.

~~Harmonium | The Wallace Stevens Society~~

Harmonium is a book of poetry by American poet Wallace Stevens. His first book at the age of forty-four, it was published in 1923 by Knopf in an edition of 1500 copies.

~~Harmonium (poetry collection) - Wikipedia~~

Harmonium is an unusual first book—partially because it didn't appear until Stevens was 44 years old, representing the cumulative poetic works of his life up until that point. Because of the compressed intensity of this first effort, the range and variety of the poems are bewildering and beautiful.

~~HARMONIUM 1923 WALLACE STEVENS~~

Wallace Stevens first revealed his genius in 1923, when his first collection of poetry "Harmonium" was released. While it was only the first part of his career as a poet, Stevens' first book is in some ways his best -- despite being a little uneven, "Harmonium" has a rough, passionate quality.

~~Harmonium Summary — eNotes.com~~

Harriet Monroe, founder and first editor of *Poetry*, reviewed *Harmonium* for her own periodical: "The delight which one breathes like a perfume from the poetry of Wallace Stevens is the natural effluence of his own clear and untroubled and humorously philosophical delight in the beauty of things as they are."

~~Harmonium by Wallace Stevens, Paperback | Barnes & Noble®~~

Harmonium Wallace STEVENS (1879 - 1955) This is the first edition of Stevens's first book, with poetry written between 1914 and 1923. A later edition was printed with the inclusion of additional poems and, somewhat surprisingly, three of the earlier poems omitted.

~~LibriVox~~

His first volume of poems, Harmonium (1923), was followed by Ideas of Order (1936), The Man with the Blue Guitar (1937), Parts of a World (1942), Transport to Summer (1947), The Auroras of Autumn (1950), The Necessary Angel (essays, 1951), The Collected Poems of Wallace Stevens (1954) & Opus Posthumous (1957, revised 1989).

~~Harmonium by Wallace Stevens, First Edition - AbeBooks~~

Harmonium was published during an era of intense turmoil, as Joseph Riddell remarks in his article Wallace Stevens' Ideas of Order: The Rhetoric of Politics and The Rhetoric of Poetry, "Somewhere between 1918 and 1930 the world fell apart..." (328). 1923 represents a year where the consequences of World War I were still fresh, and the impending disaster of the Great Depression was lurking on the horizon. This is perhaps the root of Stevens' urge to live in the imagination.

Wallace Stevens — Harmonium Lyrics and Tracklist | Genius

Abstract If a single poetic line encapsulates the mythopoeic motive in Wallace Stevens' *Harmonium* (1923) it is: 'Death is the mother of beauty'.¹ It is evidence that Stevens had adopted Nietzsche's tragic view of nature — 'death' signals the dissolution of the gods and beauty is a form of aesthetic salvation.

"There are in *Harmonium* six or eight of the most beautiful poems an American has written. The poems see, feel, and think with equal success." — Randall Jarrell, *Poetry and The Age* An executive with a Connecticut-based insurance company, Wallace Stevens (1879–1955) wrote poetry in the evenings and during his daily commute. *Harmonium*, his first collection of verse, was published when he was 44 years old. Although largely overlooked upon its 1923 debut, the compilation is recognized today as an important contribution to Modernism, offering a diverse range of satirical and philosophical lyrical works that explore the nature of reality and the power of the imagination. They include some of Stevens's most famous and frequently studied works, including "Thirteen Ways of Looking at a Blackbird," "The Emperor of Ice-Cream," and "Peter Quince at the Clavier."

The poet's 1923 debut features some of his most famous works, including "Thirteen Ways of Looking at a Blackbird," "The Emperor of Ice-Cream," and "Peter Quince at the Clavier."

An "incandescent....redefining biography of a major poet whose reputation continues to ascend" (Booklist, starred

review)—Wallace Stevens, perhaps the most important American poet of the twentieth century. Wallace Stevens (1879-1955) lived a richly imaginative life that he expressed in his poems. “A biography that is both deliciously readable and profoundly knowledgeable” (Library Journal, starred review), *The Whole Harmonium* presents Stevens within the living context of his times and as the creator of a poetry that continues to shape how we understand and define ourselves. A lawyer who rose to become an insurance-company vice president, Stevens composed brilliant poems on long walks to work and at other stolen moments. He endured an increasingly unhappy marriage, and yet he had his Dionysian side, reveling in long fishing (and drinking) trips to the sun-drenched tropics of Key West. He was at once both the Connecticut businessman and the hidalgo lover of all things Latin. His first book of poems, *Harmonium*, published when he was forty-four, drew on his profound understanding of Modernism to create a distinctive and inimitable American idiom. Over time he became acquainted with peers such as Robert Frost and William Carlos Williams, but his personal style remained unique. The complexity of Stevens’s poetry rests on emotional, philosophical, and linguistic tensions that thread their way intricately through his poems, both early and late. And while he can be challenging to understand, Stevens has proven time and again to be one of the most richly rewarding poets to read. Biographer and poet Paul Mariani’s *The Whole Harmonium* “is an excellent, superb, thrilling story of a mind....unpacking poems in language that is nearly as eloquent as the poet’s, and as clear as faithfulness allows” (The New Yorker).

The years between 1900 and 1915 were a crucial period in Wallace Stevens' poetic career. But until Robert Buttel was given access to 30 manuscript poems written during this time, these years constituted the largest gap in our knowledge of Stevens' artistic development. These poems, as well as those printed in the *Harvard Advocate*, are presented in a sequence which allows the reader to view the changes in Stevens' art during this period. Originally published in 1967. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

"The Collected poems of Wallace Stevens, first published in 1954, is seen here as a single, unified, grand poem, 'The whole of harmonium,' as Stevens himself once preferred to call it." Bibliography: p. 173-180.

A beautiful new edition—the first in nearly twenty years—of the work of Wallace Stevens, a founding father of contemporary American poetry, with a dazzling range of work that is at once emotional and intellectual. As John N. Serio reminds us in his elegant introduction, Stevens has written more persuasively than any other poet about the significance of poetry itself in everyday life: “The imagination—frequently synonymous with the act of the mind, or poetry, for Stevens—is what gives life its savor, its sanction, its sacred quality.” This rich and thorough selection—published in the 130th anniversary year of Stevens’s birth—carries us from the explosion of *Harmonium* in 1923 to the maturity of *The Auroras of Autumn* in 1950 and the magisterial *Collected Poems* published by Knopf in 1954. To be drawn in once more by “The Emperor of Ice-Cream,” “Sunday Morning,” “The Idea of Order at Key West,” “Notes Toward a Supreme Fiction,” to name only a few, is to experience again the mystery of a poet who calls us to a higher music and to a deeper understanding of our vast and inarticulate interior world. This essential volume for all readers of poetry reminds us of Stevens’s nearly unparalleled contribution to the art form and his unending ability to puzzle, fascinate, and delight us.

Selected works celebrate the writer's poetic response to life

Wallace Stevens is one of the major poets of the twentieth century, and also among the most challenging. His poems

Read Online Harmonium Wallace Stevens

can be dazzling in their verbal brilliance. They are often shot through with lavish imagery and wit, informed by a lawyer's logic, and disarmingly unexpected: a singing jackrabbit, the seductive Nanzia Nunzio. They also spoke--and still speak--to contemporary concerns. Though his work is popular and his readership continues to grow, many readers encountering it are baffled by such rich and strange poetry. Eleanor Cook, a leading critic of poetry and expert on Stevens, gives us here the essential reader's guide to this important American poet. Cook goes through each of Stevens's poems in his six major collections as well as his later lyrics, in chronological order. For each poem she provides an introductory head note and a series of annotations on difficult phrases and references, illuminating for us just why and how Stevens was a master at his art. Her annotations, which include both previously unpublished scholarship and interpretive remarks, will benefit beginners and specialists alike. Cook also provides a brief biography of Stevens, and offers a detailed appendix on how to read modern poetry. *A Reader's Guide to Wallace Stevens* is an indispensable resource and the perfect companion to *The Collected Poems of Wallace Stevens*, first published in 1954 in honor of Stevens's seventy-fifth birthday, as well as to the 1997 collection *Wallace Stevens: Collected Poetry and Prose*.
