Honda Engines has hundreds of different versions of each engine model, each for a different application. The best and most accurate way to be sure you are getting the right parts for your specific engine is to enter the serial number.

Honda Engines - Parts Look Up - Official Site
Looking at a friends pressure washer which has a 13 HP GX390 engine on it. Seems to have good spark but it will only start and run for -1 minute and then it shuts off like someone hit the kill switch. Carb looks OK, tip cleaner fits into all the orifices. Tried disconnecting the kill switch and the oil pressure switch but no change.
