by Don Bowman. There are two methods for resetting the "service engine soon" light on a Nissan Altima. One method, which is the most convenient, is to use a code scanner, which you can purchase at any auto parts store. The code scanner will display the codes automatically and has an accompanying code sheet. There is also a manual way to display the codes and reset the computer -- you need to access a code sheet to decipher the codes.

How to Reset the Service Engine Soon Light on a Nissan Altima

The "service engine soon" light indicates that the vehicle's on-board diagnostic computer has detected a problem with one of the car's systems. The computer processes input on system operating parameters while the car is active and illuminates the light if they fall outside of acceptable ranges. When the light is on, the computer contains a trouble code that states which system is malfunctioning, which can be read by a handheld reader that plugs into the dashboard.
