Killing 10 enemies in 3 seconds is certainly no easy task, despite the armies of grunts the Campaign tends to throw at you. There is an easy part where you can get this trophy. Near the end of Mission 1: Black Ops, once you control the turret in the AVP, you will face a large number of robots. Wait a few seconds to get more than 10 in front of you then start shooting and destroy all of them.

Why do we play games and why do we play them on computers? The contributors of »Games and Rules« take a closer look at the core of each game and the motivational system that is the game mechanics. Games are control circuits that organize the game world with their (joint) players and establish motivations in a dedicated space, a »Magic Circle«, whereas game mechanics are constructs of

rules designed for interactions that provide gameplay. Those rules form the base for all the excitement and frustration we experience in games. This anthology contains individual essays by experts and authors with backgrounds in Game Design and Game Studies, who lead the discourse to get to the bottom of game mechanics in video games and the real world - among them Miguel Sicart and Carlo Fabricatore.
